Fire Prevention Open House

Location: Training Courtyard

Join First Responder for a public open house focused on prevention, preparedness, and family safety. Crews will demonstrate smoke alarm placement, extinguisher use, kitchen fire prevention, and simple steps residents can take to reduce home hazards.

What to Expect

- Live demonstrations from suppression and prevention staff
- Hands-on safety stations for families
- Information on home inspections and alarm assistance
- Take-home preparedness materials for households and businesses

This event is designed to make fire safety practical, approachable, and easy to apply at home.
